Invitation

Ladies and Gentlemen, dear Colleagues and Friends,

we are delighted to cordially invite you to our joint event **"Germany meets Business Hub Sri Lanka in Hamburg"** on Friday, 7 November 2026. On this occasion, we are honored to welcome the Chargé d'Affaires a.i., **Thivanka Athuraliya**, and the Head of the Commercial and Economic Division, **Minister Counsellor Senuja Samaraweera**.

Sri Lanka— for many decades not only a popular holiday destination for those with an appreciation for charm, body, soul, and culture— presents itself right now as a country of the future. Economic expertise as well as the global challenges of today's world contribute to the fact that this nation, positioned at the crossroads of major maritime trade routes, is attracting the interest of trading nations worldwide. With the **"Sri Lanka EXPO 2027"** project, the country is stepping onto the global stage with a fresh approach that will set new standards right at the start of the year 2027 (14–21 January).

Sri Lanka is no longer just a benchmark for tea or cinnamon, but a premier address in the fields of IT, FinTech, Software & Business Process Management (BPM), Pharmaceuticals, Healthcare, Skilled Labor Exchange, Real Estate Development, Craftsmanship, Tourism, and much more.

We look forward to an exciting and informative event. The program for the evening is attached below.

Please confirm your interest in attending by writing to **berlin@germanglobaltrade.de** or calling **+49-1723116595**. Your participation will then be confirmed via email.

With best regards,
